# FAQ'S

---

## **How do we secure our wedding date?**

*Your date is secured with a paid deposit and a signed contract. Once these have been recieved the date is all yours. If you would like to meet or video chat before the wedding date, it would be a pleasure.*

## **Are you unobtrusive throughout the day?**

*Absolutely. I do not move during the intimate moments of the wedding ceremony and remain discreet throughout the whole day.*

## **What do you need from us?**

*A common pretense couples have is thinking that they have to 'perform' for the camera. I never ask you to do this, instead of fabricating moments I prefer to capture them authentically as they happen.*

## **What if my wedding overruns?**

*For full day packages, filming is from 2 hours (+ travel time) before the ceremony until 30 minutes after the first dance. If this runs over 8 hours, this will be charged at €100 per hour. Don't worry though, this will always be spoken about before I leave. You can also book extra hours in advance if you know that the event will exceed 8 hours.*

## **When will I receive the videos?**

*Normally, your wedding film(s) will be ready within 6 weeks. In busy summer periods, it can be up to 8 weeks.*
